

A demographic report summarizes employee statistics, including age groups, gender, distance from home, and marital status, providing insights into workforce diversity and commuting patterns for informed decision-making.

A turnover analysis II report consolidates employee data featuring attrition by job level, overtime performance ratings, monthly income, and attrition increase levels, offering critical insights for effective HR strategies and decision-making.

HR Attrition Dashboard

The Turnover Analysis I report provides insights into employee attrition, including departures by department, job roles affected, business, travel impact, and total years in the current role, aiding in workforce management and retention strategies.

A employee wellness report consolidates employee data featuring attrition by environment satisfaction, job involvement, job satisfaction, relationship satisfaction, performance rating and work life.
